Nothing excites the emotions quite like sport.

Sports fans and players are tribal about their team... and the newspapers that write about them. Once they have found a paper they like, they show the same loyalty they display to their club.

Greenways Publishing taps into that passion with its four national titles: The Non-League Paper which covers all football outside the Football League down to grass-roots; The Rugby Paper with its unrivalled coverage of Rugby Union from elite level to county leagues, The Football League Paper, covering all 72 Football League clubs. And The Cricket Paper devoted to all areas from Test match to village green.

We also publish the fanzine Late Tackle, a football mag with a bit of kick!

All four newspapers can be found in some 30,000 newsagents in England & Wales. The **combined news-stand sale of 60,000 copies per week**, or 3 million per year, reaches a weekly readership of more than 150,000.

## VIEW FROM INSIDE THE GAME...

Word of the new paper quickly spread and we even got a seal of approval from David 'Bumble' Lloyd and Michael Holding in the Sky Sports commentary box at Lord's. Bumble said: "Have you seen this Cricket Paper? It's a good effort with good articles and lots on the amateur level." Holding added: "It's good to see a paper not just dedicated to the international game. Those guys below need a bit of exposure." It all left Phil Tufnell stumped though. Bumble told his army of Twitter followers: "Tuffers has just said, 'there's a lot of cricket in this paper.' Cat, that's why it's called The Cricket Paper!"
